

## HEARTS QUALITY CLEANING SERVICES

Providing professional cleaning and maintenance to Kennebec County's business community since 1998.

### **Old-fashioned work ethic...**

Hearts Quality Cleaning Services is family owned and operated. With 56 years' combined experience, we believe our customers are the reason we're in business. That means we promise to do the job right the first time, *or we will come back and do it over*. Our highly trained staff is small, so you know the same team comes each and every time.

### **...and 21<sup>st</sup>-century sanitation strategies.**

We not only *clean* your place, we also sanitize your high-traffic surfaces like doorknobs and light switches. By stopping the spread of germs, you'll reduce the number of sick days in your place of business.

<b>Now that's scary!</b> • 25 million germs fill every square inch of surfaces in your office. • Your desk has 400 times as many germs as a toilet seat! • Most people don't know where the most germs hide. <i>We do!</i>
--

### **We love satisfied customers...and they love us.**

We're proud to say that our dedication and attention to detail have earned Hearts Quality Cleaning Services a **98% customer-retention rate** in 9 years. We work hard to earn your loyalty...and it shows.

### **Schedule at your convenience.**

One-time, nightly, weekly, twice-a-month, monthly, annual...*you* tell us when you want us to come.

*"I have used your services to clean up after tenants have moved out of apartments that were left in really bad shape. Each time, you have left them spotless."*—Mark L. Hughes

*"Phoenix Computers is a busy little office. We have delivery people, technicians, and clients in and out every day. Repair work makes a real mess of the place. We tried to keep it clean ourselves, but finally called Hearts Quality Cleaning to do the job. We now present a better image to our clients."*—Shawn Little, Client Rep., Phoenix Computers

### **We love to help these kinds of clients:**
